

Studio Cascadia

A learning studio for people of all ages

Hand art is a project that is always close to home! This project gives us the opportunity to explore the design principle of line. Thin, thick, dotted, sketchy- they are just a few examples that can be tried.

Supply List:

- 5" x 6" white or colored paper
- Ultra-fine point sharpie
- Pencil
- Colored pencils
- 6" x7" mounting paper
- Glue stick

Process:

Trace hand on paper with pencil. The image can stay completely on the paper or be cropped (go off the paper). Fill with designs using many different kinds of lines. Think of words, pictures, and design elements that interest you and are part of your world. Trace over all pencil lines with the sharpie, then erase any unwanted lines. Color in with colored pencil or leave as line work. Mount if desired on larger paper.
